Executive Director: Debbie Macdonald

Editor: Laurie Han

Design: Erika Ramirez Lee & Brenda Aguirre

The Child Care Communique is sent as a public service to licensed child care facilities and other professionals in the community. To be placed on the mailing list, call 619-521-3055 x2312.

YMCA Childcare Resource Service Referral and Complaint Policy

YMCA CRS provides free child care referrals to parents for their specific child care needs in licensed and legally license exempt facilities in San Diego County. Service is provided to all persons requesting them regardless of income or other eligibility factors. Confidentiality of both parents and providers is maintained. Child care referral lines are open Monday–Thursday from 8:00 a.m. to 4:00 p.m. and Fridays from 8:00 a.m. to 12:00 p.m. or referrals may be accessed online at www.crs.ymca.org.

Consumers are offered a variety of child care options including family child care homes, child care centers, preschools, before and after school care, and in-home agencies. YMCA CRS seeks to promote and develop quality care for children but does not make recommendations regarding particular providers. YMCA CRS strongly encourages parents to visit facilities and review provider histories with Community Care Licensing at 619-767-2200, prior to making the final decision for child care arrangements. Responsibility for selecting a child care provider rests with the parent or guardian.

YMCA CRS has established policies and procedures to ensure all complaints from parents, providers and the community are addressed in a clear and equitable manner. California legislation mandates that child care resource and referral agencies may not refer child care programs that are on probation, under a temporary suspension order or hold a revoked license from Community Care Licensing (CCL). Referrals are resumed when CCL sends written notification which indicates the program can return to active referral status. For a full version of YMCA CRS referral and complaint policies and procedures log on to www.crs.ymca.org, call 1-800-481-2151 or e-mail myresource@ymcacrs.org.

CONNECT WITH US!

by Joangrace Espiritu

Social Media sites like Facebook, LinkedIn, or Twitter have likely been flooding your e-mail accounts within the past few years. Even businesses and non-profit organizations like the Y have started developing an online "social" presence. The idea behind social media is to have a conversation with the people we serve, help answer questions we might have about our services and to give our people a sense of who we are and what we can do to help them.

YMCA Childcare Resource Service started a Facebook page in April 2011 and we've grown to amass 200 friends over the last two months alone. Since there is a lot of information out there on child care, we've been working hard to keep our friends updated with the latest news on the child care world as well as on youth development, healthy living and social responsibility.

How can YMCA CRS Facebook help child care providers?

Through social media channels, we keep our online community informed of tips, events, and news on the latest in child care. Find some of the main topics we discuss and share, below.

Emergency Preparedness Tips: YMCA CRS is part of a community group called the Disaster Preparedness Committee. We help to make sure child care programs "Get Ready and Stay Ready" in case of emergencies like wildfires, earthquakes or floods. Every month, we will post emergency preparedness tips on our Facebook page for providers and parents to download and use.

Ideas: Our child care consultants have a wealth of knowledge about activities, games and recipes to share with children in your care. Visit our page and check out some of their ideas, or post on our wall with ideas of your own to share with our online community.

Events: Be the first ones to know about our events like Child Care Provider Appreciation Day.

News: We'll keep you informed about the world of child care and how it impacts you and your programs.

Contests (in progress): Keep checking our page for contests! We're working on creating contests for child care providers and parents. Some of the prizes we'll give away are Padres tickets, toys and other types of child care supplies or even a chance to be our profile picture of the week.

You tell us? What else would you like to see on our Facebook page? Post your ideas on our wall at www.facebook.com/ymca.crs.

COMMUNITY HIGHLIGHTS

A WORLD OF DIFFERENCE

“It has been my goal, and the ADL’s hope, that every preschool child, preschool teacher, and preschool family will be taught to love and not hate; to accept and not reject; to respect and not fear for our differences.”

– Harvey L. Miller, Founding Funder
The Miller Early Childhood Initiative

The Miller Early Childhood Initiative assists in creating and sustaining bias-free early childhood programs that encourage children to appreciate diversity at an age when the seeds of prejudice can begin to take root. The activities and guidebooks contain projects and advice to assist adults in creating bias-free programs and homes for children ages 3-5.

Topics include:

- Talking with children about bias
- Exposing children to diversity
- Choosing books that reflect the world
- Creating environments that are inclusive of all children and sensitive to their differences.

The initial workshop will be held on Saturday, July 16, 2011 from 8:00 a.m. to 3:30 p.m. and provides an understanding of the impact of prejudice in an early childhood setting. A three-hour follow-up educator workshop will be held to reinforce and further develop anti-bias skills on Wednesday, August 10, 2011 from 6:30 p.m. to 9:30 p.m. Both workshops will be held at YMCA Childcare Resource Service, 3333 Camino del Rio South, 4th Floor Conference Room, San Diego, 92108. Approved for one (1) Continuing Education Unit. Participants must attend both days to receive a certificate of attendance. A World of Difference is brought to you in part by the San Diego regional office of the Anti-Defamation League and YMCA Childcare Resource Service with support from the Harvey L. Miller Family Foundation and the Gumpert Foundation. For registration information call 1-800-481-2151 or e-mail mytraining@ymcacr.org.

YMCA CHILDCARE RESOURCE SERVICE CLOSED IN NORTH COUNTY

As of June 16, 2011 the North County CRS Office has closed. North County has been a part of CRS history since it first opened in June 1985 at 355 West Vista Way, Vista, CA 92083. The “NC” office then moved to Mulberry Avenue in San Marcos, and then to 150 Valpreda in San Marcos before returning to its Vista roots in July 2006 at 640 Escondido Avenue, now renamed 640 Civic Center Drive. We give a final salute to the last 26 years, to the staff that have worked out of this office and to the numerous families that have been served from our North County location.

2011 BARBARA CHERNOFSKY AWARD

“We, as early care and development providers, need to treat all children and families as individuals. We can get some clues from studying child development, but we also need to respect and understand and prepare for those children and families who are different from us and different from the norm. We need to challenge ourselves and those around us to create high quality, creative programs that are inclusive for all children and families. We need to do all of this even when the majority believes that one size fits all. Children are learning from the minute they are born and we are so incredibly lucky to be partners with them as they grow and develop into interesting, productive and successful citizens.”
–Debbie Macdonald, Executive Director, YMCA Childcare Resource Service

HEALTHLINE...

Sun Safety

With summer in full swing, it is vital to protect the children in your care from the sun. Teaching children to enjoy the sun safely at an early age is important because 50% of their lifetime sun exposure occurs during childhood and adolescence. Practicing proper sun protection is the first step in decreasing their risk of developing skin cancer later in life.

Sunlight contains three types of ultraviolet rays: UVA, UVB, and UVC. UVA and UVB rays are able to pass through the ozone layer causing skin aging, wrinkling, sunburn, cataracts, immune system damage and skin cancer such as melanoma. One of the best ways to protect your skin is to wear sunscreen when you are outside. Select a sunscreen that is SPF 30 or higher. Read the label to ensure that the sunscreen protects against both UVA and UVB rays. Children six months or younger should not wear sunscreen, but should be kept out of the sun completely. Apply sunscreen 30 minutes before going outside and remember to reapply every 2-3 hours and after swimming or sweating.

Follow these tips to protect your children from the negative effects of the sun:

1. **Avoid the sun when it is strongest: between 10:00 a.m. and 4:00 p.m.**
2. **Always use sunscreen when outdoors.**
3. **Cover up with clothes and wear a hat.**
4. **Try to seek shade from trees, umbrellas or canopies while outside.**
5. **Wear sunglasses that protect against UVA and UVB rays.**
6. **Watch the UV index.**

It is important to practice sun safety all year long. Protecting yourself from the sun on a daily basis will help lower your risk of developing skin cancer later in life.

TIPS

Enjoy these Tips from Your CRS Child Care Consultants on fun and healthy things to do while keeping children moving this summer.

I have always liked to play music for children. Music and movement is a fun way for them to move their bodies and release energy. *-Anita*

Setting up an obstacle course in your backyard or at a playground can be very fun. Use a variety of obstacles to challenge their skills such as a jump rope, balance beam, tunnel, or a ball and cones. Also, scavenger or treasure hunts around the neighborhood or yard are always a blast. You can also join your kids for some fun outdoor games. Remember the games like Mother May I, red light/green light, Simon says, or hopscotch? *-Karen*

I enjoy doing dance and aerobics with children because it is a good active way to stay healthy and to keep a good heart rate. Also, children are not just exercising but practicing their fine and large motor skills as well as having a good time. *-Tanya*

On a warm summer night my girls and I like to play night time soccer with their glow in the dark soccer ball. So that we don't crash into each other, I buy glow sticks and we each get three: one for each foot and one to hang as a necklace. After an active game of soccer we enjoy roasting apple slices over an open flame. *-Cynthia*

YMCA CHILDCARE RESOURCE SERVICE ANNUAL BAJA LUNCHEON

Thank you to all of our sponsors who supported our fundraiser for the Baja YMCA!

The Annual Baja Luncheon benefitting the Baja YMCA and the YMCA of Japan took place on April 8 at the First United Methodist Church in Mission Valley. With the exciting raffle prizes and generous food donations we collected from the community, YMCA Childcare Resource Service raised over \$4,000. The proceeds from this event help fund social service programs that unify and build family and community in the Tijuana region. This year, a portion of the proceeds went towards the Japan YMCA Earthquake Response Fund to assist them in their work with children and families in the affected areas.
